### Highlights

The district is pleased to share that all of our schools, and the district as a whole, made Adequate Yearly Progress for the past year. With increased graduation requirements, except for a few seniors, every high school student took a full year of math. The high school implemented a recovery program for 9<sup>th</sup> graders in both math and language arts. This allows students to receive double the instruction time. The middle school continues to work hard to maintain the high number of students testing proficient on the ISAT. The staff continues to work to identify interventions for students that demonstrate need for additional help. The staff is working to implement Plato as one of the interventions. The elementary has worked hard to implement the Reading First Grant and assure that all students are on grade level by third grade. Hollister has made progress this year and will use the same curriculum and procedures for reading next year that are being used by Filer Elementary.

### Progress Towards Meeting Goals

#### 2004-05 Goals

#### Progress

#### Continuous Progress

All schools made AYP for the past two years and the initial analysis shows that all schools will have made AYP for the 2004-2005 school year.

Spring IRI scores showed increases in most areas and are above the state average.

Teachers used the fall assessments to adapt instruction to meet the needs of all students. Teachers worked on academic calendars to develop a pacing guide for instruction of the power standards.

## Adequate Yearly Progress and Assessment 2004-05

Did Filer District make Adequate yearly progress for 2004-05? Yes

Percent of the 41 targets that Filer District made: 100%

The goal in our nation is for all students in grades 3 through 8 and 10 to be proficient in reading and math by the spring of 2014. Idaho uses the Idaho Standards Achievement Test (ISAT) and the Idaho Alternate Assessment (IAA) to measure proficiency. This report shows the percentage of students who met state goals for proficiency in reading and math.
